FRAMING

ROOF COATING

All Metal Fab Steel Buildings, Inc.

- AZ55 - 55% of coating is aluminum
- 25 year perforation warranty back by the steel mill
- No painting/maintenance required

Competition

- AZ50 - 50% of coating is aluminum
- Offer only 20 year warranty
- Some manufacturers use zinc, which will rust

FASTENERS

All Metal Fab Steel Buildings, Inc.

- Long-life fasteners
- Lifetime warranty
- No rusting or oxidation
- Stay shiny and match roof - keeps the building beautiful

Competition

- Some use zinc, which will rust

MASTIC TAPE

All Metal Fab Steel Buildings, Inc.

- 3/4" double beaded
- Guarantees no leaks
- 100% more caulking than other competitors

Competition

- 3/8" mastic tape
- Not double beaded
- Will have leaks

ROOF SYSTEM

All Metal Fab Steel Buildings, Inc.

- Purlin Bearing Rib roof (PBR)
- Full overlap
- Prevents leaks
- Provides additional strength

Competition

- "R" panel roof system
- Overlap only extends 1/3 of the way
- Does not provide added strength
- Can leak

PAINTED SIDEWALL PANELS

All Metal Fab Steel Buildings, Inc.

- 25 year warranty against chipping cracking, peeling, and blistering

Competition

- 20 year warranty on paint

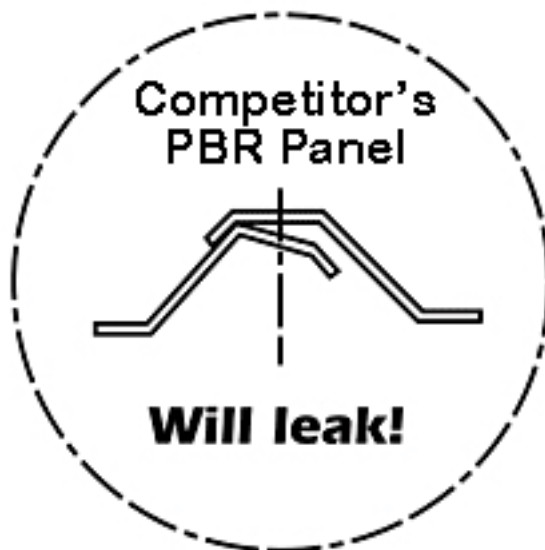

SIDE PANELS

All Metal Fab Steel Buildings, Inc.

- PBR panel on sides
- Full overlap protects against leaks

Competition

- "R" panel on the sides
- Overlap only extends 1/3 of the way
- Can leak

SIDE PANELS: FASTENERS

All Metal Fab Steel Buildings, Inc.

- Long-life screws
 - Color matches side panels
 - Lifetime warranty
 - Will not turn dark gray or black and will stay shiny
- Neoprene washers
 - Stop over-drilling and tearing of sheeting and cracking of paint

Competition

- Zinc base, can rust
- No neoprene washer
 - Does not prevent over-drilling

BASE ANGLE AND BASE TRIM

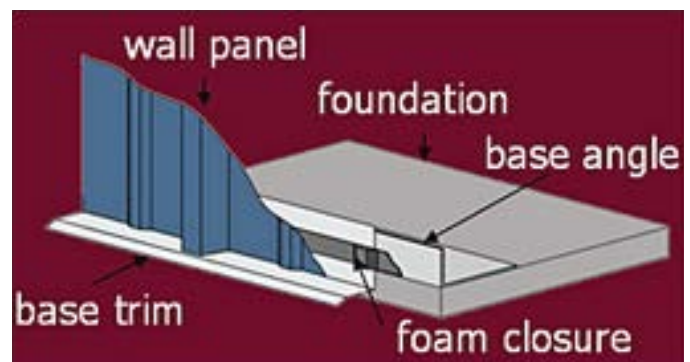

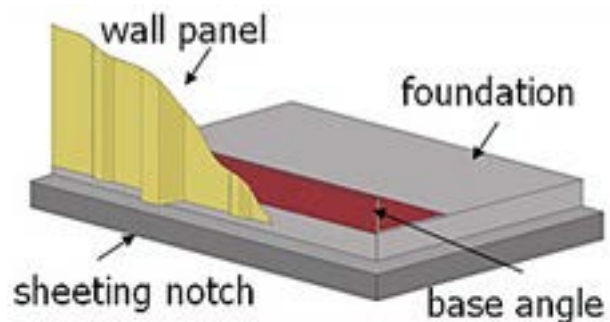

All Metal Fab Steel Buildings, Inc.

- Base angle made of 16-gauge steel, .061 thickness
- No exposed concrete on bottom with base trim - keeping the building attractive
- No leaks

Competition

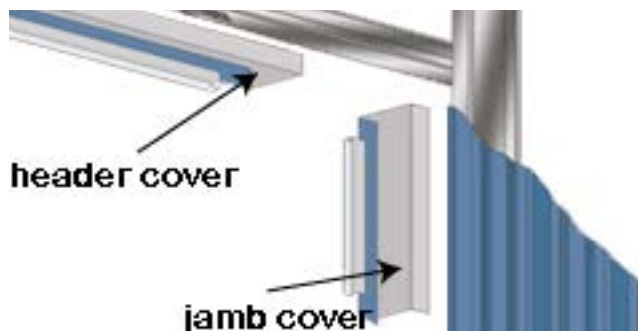

- Base angle made of 20-gauge steel, .038 thickness - can warp
- Base trim - optional, at additional cost
- Exposed concrete - making the building attractive
- Can have leaks

OVERHEAD DOOR FRAMES

All Metal Fab Steel Buildings, Inc.

- Jamb covers and header covers are supplied
- Colored covers to match trim of building
- "J" trim creates an attractive appearance and protects against corrosion

Competition

- "R" panel on the sides
- 1/3 overlap does not protect against leaks
